

Parenting Partners

What is Parenting Partners? In a word – *Engagement.*

Parenting Partners workshops combine parenting and leadership skills so that parents become vital contributors to their children's academic success. The eight comprehensive workshops are presented by the school's own trained facilitator team multiple times year-round, creating a sustainable source of parent leaders year after year.

Produces Student Success!

Parents build practical skills for contributing to their children's literacy and school success. Parents learn to create positive and consistent discipline, structure, and a strong home learning environment.

Based on experience and research

Over 90,000 parents from diverse ethnic and socio-economic backgrounds have graduated and are now effectively engaged with the school to support the academic success of their children. Parenting Partners produces strong parent leaders! Parenting Partners is the mostly widely used positive parenting system in America.

Multilingual

All our curriculum, training and materials are in English and Spanish. Teams are also leading parents in Hmong, Vietnamese, Korean, Creole, Burmese, Arabic and other languages.

U.S. Dept. of Ed's Framework for Family School Partnerships & the NNPS Epstein's Six Types of Parent Involvement

Parenting Partners empowers parents to engage in the multiple roles that support student achievement and school improvement. Parents are given practical resources to grow in their ability to be Supporters, Encouragers, Monitors, Advocates, Decision-Makers, and Collaborators in full partnership with the school for student success.

Affordable – with many funding sources to choose from

Schools are funding Parenting Partners through sources including Title 1, Title II, 21st Century, Title III, Literacy, Afterschool, Early Education, Violence and Bullying Prevention, Migrant Education, Program Improvement, ELL programs, Professional Development and Counseling.
